^aConsider ECG, echocardiogram, and referral to cardiology for abnormal cardiac history or exam. ^bConsider GU exam if in private setting. Having third party present is recommended.

Consider cognitive evaluation or baseline neuropsychiatric testing if a history of significant concussion.

□ Cleared for all sports without restriction

Cleared for a	Il sports without restriction with recommendations for further evaluation or treatment for
	·
□ Not cleared	
	Pending further evaluation
	For any sports
	For certain sports
	Reason
Recommendation	18

I have examined the above-named student and completed the preparticipation physical evaluation. The athlete does not present apparent clinical contraindications to practice and participate in the sport(s) as outlined above. A copy of the physical exam is on record in my office and can be made available to the school at the request of the parents. If conditions arise after the athlete has been cleared for participation, the physician may rescind the clearance until the problem is resolved and the potential consequences are completely explained to the athlete (and parents/guardians).
