

Call Us First

The call is free and could save you money.

We're available 24/7 to offer the appropriate care, or guide you to it.

Sudden health concerns rarely happen between nine and five. That's why we always have staff on duty 24/7, including holidays and weekends.

If you're in doubt—call!

American Fork: 9 am to 8 pm, Closed Sundays

How After Hours Care Works

1. Call your pediatrician's office number. You'll be directed to the on-duty pediatric nurse.
2. If the on-duty pediatric nurse thinks your child should be seen, he or she will direct you to the appropriate care location.
3. If your child doesn't need to come in, we'll provide guidance on at-home care so you can rest easy.

We're here for your family, day or night.

Note: If your child is seen in office, there is an after-hours fee set by your insurance plan. For most plans, this is less expensive than the urgent care fee. Please bring your current insurance information and cards with you.
